

Selectmen's Workshop
Monday, August 18, 2014

Chairman Richard Morgan called the workshop to order at 3:00 PM. Present were Selectmen Richard Morgan, Robert Freeman, and Franklin Riley, and Ellen White, Town Administrator, who recorded the minutes. Also present were Fire Chiefs Adam Riley, Mike Brownell and Carl Huddleston.

Morgan summarized discussions that took place during the two Regional Selectmen's Meetings.

A copy of the RFP for regional ambulance service used for the current tri-town coverage was distributed and discussed. Morgan asked the Fire Chiefs to review the RFP and compile an appendix pertaining to Ossipee's needs for ambulance service.

A workshop will be scheduled for Monday, 8/25/2014 at 3:00 PM to review the appendix and make any final changes before it is presented at the next Regional Selectmen's Meeting on 8/27/2014. It is anticipated that the regional RFP will be finalized for distribution around the first week of September.

Brief discussion took place on the maintenance records and quarterly reporting by CarePlus. White was asked to distribute the quarterly reports received to the Fire Chiefs.

Riley, Brownell and Huddleston were dismissed at 3:50 PM.

Brad Harriman, Public Works Director, presented the Board with some correspondence he's had with Hoyle & Tanner and 3G Construction regarding the Whittier Covered Bridge. He stated he is looking forward to having the project move forward and any changes that may be brought up can be addressed through the change order process.

Being no further input, the workshop was adjourned at 4:00 PM.

Richard H. Morgan

Robert C. Freeman

Franklin R. Riley
