

**Selectmen's Workshop**  
**Monday, June 13, 2016**

Chairman Riley called the workshop to order at 3:00 PM. Present were Selectmen Franklin Riley, Robert Freeman, and Richard Morgan, and Ellen White, Town Administrator, who recorded the minutes.

The Outdoor Event Ordinance and Application were distributed for review, in addition to the RSA's related to open-air meetings, and ordinances from other towns. Discussion ensued.

The Board requested that White update the Ordinance to include the updated language from the RSA's, add in the proposed revisions, and add the application into one document for further review in a future work session.

The Sign Ordinance was distributed for review.

White reviewed a complaint received from John Danforth regarding a sign for Terrace Pines Campground that it is installed on Danforth's property on Bent's Road. The complaint states that the sign is in violation of the Sign Ordinance. The Board requested that White contact Terrace Pines to see if this is a new or existing sign and get any further information about its placement.

White reviewed the correspondence received from Josephine Belville, from NH DRA, regarding the USPAP manual supplied by Assessor Todd Haywood at the completion of the Town-wide revaluation. Discussion took place on the ASB standards and USPAP compliance requirements. White was requested to set up a meeting with Belville to discuss the comments from her correspondence.

Being no further input, the meeting was adjourned.

Adjourned at 4:00 PM.
