

**Selectmen's Work Session**  
**Monday, April 17, 2017**

Chairman Morgan called the work session to order at 3:00 PM. Present were Selectmen Richard Morgan, Robert Freeman, and Sandra Martin, and Ellen White, Town Administrator, who recorded the minutes.

Discussion took place on the Conservation Commission members. Bruce Parsons sent an email stating that not more than one member can serve on the Conservation Commission and Planning Board and Tim Otterbach already serves on both so Roy Barron will not be able to. Morgan stated he would address this during the regular meeting.

Morgan reviewed a conversation he had with Bob Gillette regarding the recent newspaper articles and letters to the editor.

Steve McConarty, Zoning Enforcement Officer, entered at 3:45 PM and provide the Board with an update on the hazardous and dilapidated structures. Danville Road is attempting to get an engineer involved. The building is currently in the water and the chimney has fallen into the water. The contractor for the Bay Point Road property has presented a timeline for the building removal but will have to seek a stay from the court. Martin requested that McConarty take her to visit the properties next week.

Being no further input, the work session was adjourned.

Adjourned at 4:08 PM.
