

“ANYTHING THAT RIPS”

A mixed paper container recycling program that is a revenue producer.

Our current program does not produce any cash for the Town and we disposed of 56 tons of paper last year.

A conservative estimate is that using this program we would recycle 72 tons of paper products that will be sold at market prices with no hauling or dumping charges. **ALL PROFIT!** The revenue produced will be deposited into the general fund to reduce taxes.
