Discussion:

Jan Sanders from the Roland Park Association came to discuss the water run-off, erosion, and embankment issues for their beach. Met with Brad Herriman in June to discuss possible solutions. Brad suggested that a possible temporary fix could be to do some grading to redirect the water. Brad suggested erosion stone as the best permanent solution. Jan Sanders was hoping to work together with the Town of Ossipee to correct the issue. Martin asked how much of the property belongs to the Town of Ossipee. Brad advised that approximately 50 percent of the property belongs to the town. Brad suggested that this project could be contracted collectively between the Town of Ossipee and the Roland Park Association with each paying their portion of the costs. Selectmen Martin, Eldridge and Simpson thanked Brad and Jan for their information and advised they would take this matter under advisement.

Being no further input, the work session adjourned. Adjourned at 4:00 PM.
